

Camp/Holiday Kit List (Suggested)

Your Son/Daughter will need to bring his/her own personal equipment (the following list is a guide) and Cubs must be encouraged to pack their own rucksac so they know where their equipment is.

General Notes

1. **Please label all items brought to camp with permanent ink so that belongings can be returned to their owner.**
2. Black bin bags are not suitable for bedding rolls as they tear very easily, with the result that the contents get lost or soiled in transit.
3. Please do not send sweets / snacks. All food will be provided and these can attract vermin / insects into tents
4. Cubs will be responsible for looking after their own equipment.
5. No games or similar items (i.e. radio's or cassette players) which require batteries to run please.
6. Do not send new or expensive items as they may get damaged by mud or wear and tear of activities.

Equipment Notes

Here is some basic information regarding some of the items you may require.

- Sleeping Bags** Synthetic filled bags are easier to clean than natural filling. Zips can be a source of cold if no baffle is fitted.
- Footwear** Boots give a better ankle support and normally have better soles than shoes if you are hiking.
- Warm Wear** A number of layers is warmer than one thick one and the warmth can be regulated more easily - do not forget your hands and head.
- Torch** Do not pack your torch with batteries fitted (or at the bottom of your kit) as it could easily get accidentally turned on and you will arrive at the camp/holiday with flat batteries.
